The appointments of one female Nursing Orderly and one female Toty, are being sanctioned to the Lady Goschen Hospital, Mangalore, temporarily year after year since 1st April 1937. (Please vide G. O. No. 2247- Edn. & P. H., dated 18th November 1936 - communicated with your Memo. No. P. 245-H dated 20th Nov. 1936.

(D)

The necessity for these additional appointments has been fully explained by my predecessor and myself in this office letters 105-S36 dated 16-8-37 and 105-S-36 dated 8-9-38

respectively, wherein full statistics have also been furnished. Since then the attendance both in the In and Out patients departments of the Hospital, has not in any way decreased. On the contrary it is more and more increasing as will be seen from the statistics furnished hereunder.

In the light of the facts already explained, and in view of the increase in the attendance at this Hospital as is now seen it is most desirable that these two appointments are sanctioned on a permanent basis. I therefore request that the Surgeon-General will very kindly address the Government for the sanction of these appointments permanently to this Hospital.

Further I invite your kind attention to my letter No. 3141-H/40 dated 11th July 1940 wherein I have pointed out the urgent and imperative necessity, for the entertainment, of two additional female toilies to this Hospital. I request that Government may very kindly be moved to sanction these appointments as well.

Sir, Ref:- G.O. No. Ms. 3879 P.H. dated 31-10-38.

I have the honour to state that the sanction accorded in the above G.O. for the continuance of the under-mentioned temporary staff employed in the Government Head-quarters Hospital, Mangalore, will expire on the dates noted against each post:-

I forward herewith a copy of letter R. No. 50-S/37 pp 7-8 below dated 7-8-40 from the District Medical Officer, South Kanara, recommending the permanent retention of the above temporary staff and also the employment of an additional compounder temporarily for a period of two years. As there has been a large increase in the attendance of in and out-patients at the above hospital since 1936 I agree with the District Medical Officer that it is absolutely essential to continue the existing temporary staff and also to increase the staff of compounders in the above hospital. I therefore recommend (1) that the temporary post of one nursing orderly which has been in existence for ~~the~~ a sufficiently long period may be sanctioned on a permanent basis with effect from 1-4-1941 and (2) the temporary posts of 2 compounders be continued for a further period of two years with effect from 1-5-1941, and (3) that one additional compounder be sanctioned for the Hospital temporarily for a period of one year from 1-4-1941. The ultimate extra cost involved in this proposal is Rs. 210/- per annum*.

Necessary provision will be included in part 1 of the Surgeon-General's Budget Estimate for 1941-42 in respect of all the temporary ~~xxx~~ appointments referred to above.

Subject:- Temporary staff - Government Headquarters (Wenlock) Hospital, Mangalore - Request for further continuance and sanction of additional appointments - proposals submitted.

(R) Ref:- G.O. No. Ms. 3879 P.H. dated 31-10-1938 communicated with your endorsement No. 252-G/38 dated 8th November 1938.

The following temporary staff are now attached to the Headquarters Hospital, Mangalore.

1.	One staff nurse	up to	31-3-1941.
2.	One nursing orderly	"	-do-
3.	Two compounders	"	30-4-1941

The statistics relating to the hospital, since the year 1935 are furnished hereunder, from which it will be seen, that the work in all the branches are abnormally increasing in his hospital.

Year.	Daily average. O.P.	I.P.
1935	364.95	115.2
1936	430.70	118.31
1937	623.09	153.09
1938	663.19	161.89
1939	709.69	159.11
1940 up to July	723.3	156

I have already represented my difficulties, on account of the inadequacy in the nursing staff of this hospital and have requested the appointment of at least 2 more staff nurses to this hospital. (Please vide this office letter No. 934/H/40 dated 11th March 1940 and your reply Memo Ref. No. 4612-2 G dated 6th July 1940) and a favourable consideration has been promised. So I request that Government may kindly be addressed for the sanction of this temporary appointment as a permanent measure and further that two more nurses are also sanctioned on a temporary basis for a period of 2 years.

this has not been recommended by the SG.

Male

Male Nursing orderly. According to the prescribed scale this hospital is entitled for two more nursing orderlies. The reasons cited for the increase in the nursing staff equally apply for this category of servants. I therefore consider that this temporary additional post, should also be sanctioned on a permanent basis.

Compounders 2. There are at present 3 permanent and 2 temporary compounders. As per scale fixed for this class of appointment, I understand, that this hospital is eligible for 7 compounders, calculated on the average attendance furnished above. The attendance both in the In and out-patients is more and more on the increase day by day, and I have personally seen that the present staff is not able to cope up with the increase in work, without much physical strain particularly when there is a rush of about 800 to 900 patients in the out-patients, during certain seasons although the average for the year stands at 700 and odd. Hence I consider that apart from sanctioning the present two temporary appointments on a permanent basis, the appointment of at least one more compounder as a temporary measure for a period of 2 years is absolutely necessary and most desirable. I therefore request that the Surgeon-General will be pleased to address Government for the sanction of the present 2 temporary appointments permanently and also for the sanction of one more compounder on a temporary basis for a period of at least 2 years.
